EU licence for importing fluorinated greenhouse gases under Regulation (EU) 2024/573

This is an extract from the EU F-gas Portal, dated 24/07/2025 ¹

BioTech a.s.

CZ25664018, Czech Republic, Prague 9 19900, Kramolínská 955

has a valid registration in the F-gas Portal pursuant to Article 20 of the F-gas Regulation (EU) 2024/573 as an

- Importer of F-gases pre-charged in products and equipment

with the following F-gas Portal ID number: 31041

The above undertaking is therefore licensed to import F-gases pre-charged in products and equipment.

Please note, the company also requires:

- For importing HFCs pre-charged in refrigeration, air conditioning, heat pump equipment or metered dose inhalers: Sufficient authorisations in tonnes CO₂ equivalent at the time of release of free circulation and a declaration of conformity.

Currently, the company does not have authorisations.

Quota and authorisations amounts are accessible to EU customs authorities via the F-gas Portal (<https://fgas-licensing.ec.europa.eu/fgas>).

This printout is for information purposes only. It does not constitute a proof that the licence is valid, irrespective of the status indicated. Only the electronic version in the F-gas Portal is considered authentic.

¹ If date is not recent, an updated printout may be demanded from the importer as the printout function from the electronic system is generally available at all times.
